

GET TO KNOW YOUR DENTAL PLAN BENEFITS

Regular dental care can help protect your overall health

Proper dental care is about more than just a beautiful smile. It can also impact your overall health. Learn more about your dental benefits so you can get the most from your SecureBlueSM (HMO SNP) dental plan.

ORAL HEALTH IMPACTS OVERALL HEALTH

Regular dental exams can help detect gum disease, a common condition that is directly linked to heart disease, stroke and diabetes.* Your SecureBlue plan from Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Plus) includes checkups, cleanings and fillings. Plus, other dental services like X-rays, crowns and more.

These important visits can help detect health problems early, when they are easier to treat. Most preventive care is covered at 100 percent — meaning you won't pay anything for these appointments.
